RE: Recommendations for Site Plan Application – 11C Salt Dock Road (Building 3)

The members of the Parry Sound Area Active Transportation committee put forward the following recommendation regarding the site plan for the 4-storey, 32-unit residential building located at 11C Salt Dock Road (Building 3):

- We are pleased to see active transportation facilities included in the plans, such as the bicycle rack for cyclists. We would suggest that a 1.5 metre sidewalk be installed to provide residents of buildings 1 and 3 with a designated pedestrian route to Salt Dock Road. One of the advantages of this would be increased connectivity with the Rotary and Algonquin Regiment Waterfront Trail.

The Committee is grateful to have the opportunity to provide input on this Site Plan and appreciates the Town of Parry Sound's continued support towards our joint effort to develop an environment that supports healthy, active living for all residents of Parry Sound. Your attention to these recommendations is greatly appreciated.

Sincerely,
