

14 February 2017

Mayor Robinson and Council
Municipality of McDougall
5 Barager Boulevard
McDougall, Ontario
P2A2W9

Dear Mayor Robinson and Council:

On behalf of Parry Sound Area Active Transportation I would like to extend appreciation for the municipality's recent completion of a trail link between Nobel Road and the Town of Parry Sound. This is an important step in building active transportation infrastructure that supports active/healthy living in our area.

We realize that the portion of the proposed trail between Nobel Road and Kinsmen Park may not be built at this time. However, we have identified this connecting link as high priority as it will help facilitate safer travel between communities and increase access to Kinsmen Park. As such, we are interested in working with you and available to help make this vital piece of active transportation infrastructure a reality in the near future.

Sincerely yours,

A handwritten signature in cursive script that reads "Wendall Fisher".

Wendall Fisher, Chair
Parry Sound Area Active Transportation
